

# UGOS Stakeholder Engagement

Anthony Knap  
Texas A&M University

# Stakeholder Engagement

Started in GulfCORES Gulf Consortium for Offshore Risk Reduction Engaging Stakeholders

Reached out to people in the Industry, some we knew, some we didn't

Created GCAB - Gulf Cores Advisory Board (for stakeholders)

Co-Chaired by David Williams and Bodley Thorton (Both Senior Executives for Noble Oil)

They made introductions to mainly Industry entities, we found others through our own contacts but made many through the Offshore Technology Meeting in Houston every year.

# Original Members

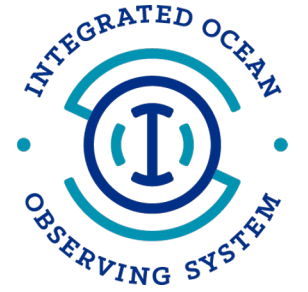

- BMT Commercial
- Chevron Technical Center
- ExxonMobil Research and Engineering Company
- Fishing Oceanography Consultants
- Florida Fish and Wildlife Conservation Commission
- FUGRO
- National Ocean Industries Association
- National Weather Service, US Department of Commerce

# UGOS Special Issue

## Questions

How did UGOS contribute to each of your stakeholder interests? How did you contribute ?

How did UGOS maintain engagement, why were you engaged?

What was novel or new about UGOS, and what do we know now that we didn't?

What are recommendations for remaining gaps and continuing efforts?

## Schedule

June 1, 2026 - Outline Completed

Nov 1, 2026 - First Draft Submitted

Jan 15, 2027 - Manuscripts Submitted

May 15, 2027 – Proofs delivered to Authors
